ANNOUNCEMENT

Realizing the importance of a prominent location and of the difficulty experienced in finding my previous places of business, I have secured and am improving a beautiful tract right in the town of Kirkland, two blocks north of the brick buildings on the Lake Washington Boulevard.

An attractive ornamental lattice fence has been built and plantings made of the choicest varieties of Peonies, Irises and other plants and bulbs.

My stock of Roses and Gladioli will be moved to the new location soon and I will be in a position to serve my many friends and customers to the best possible advantage and to their pleasure and satisfaction.

Am not now connected with any other organization and so will be free to devote my entire time in an endeavor to merit your continued patronage and recommendations.

You are cordially invited to visit my new garden where a select stock of plants, bulbs and cut flowers will be found in season.

Soliciting a continuance of your patronage and thanking you for past favors, I beg to remain,

Florally Yours,

W. E. SHERBROOKE.

PRICE LIST

Descriptions of varieties do not change and only the prices fluctuate, so this season I am not getting out the customary catalog which would necessarily be a reprint of previous issues, but this modest little price list will serve to correct price quotations.

For more detailed description of varieties reference can be made to former catalogs, a copy of which will be mailed on request in case yours has been misplaced.

The saving thus accomplished is being passed on to you in the reduced prices quoted herein.

Sherbrooke's Reliable Roses

My reputation for supplying true to name plants of the highest quality has been acquired by over twenty years experience in selecting, testing, acquiring and eliminating. Only such varieties as possess distinctive merit are offered and in quality of plants that immediately appeals to discriminating rose fans.

"I bought roses from you when you first started in business down in Oregon" is an expression I hear many times, and many a testimonial has been received testifying to the satisfaction of the buyers of "Sherbrooke's Roses."

Prices quoted are for FIELD-GROWN plants, two years old or more. Thrifty, vigorous stock with well balanced fibrous roots. If a lighter grade is wanted, deduct 25 per cent in ordering.

I pay the postage on all orders of \$1.00 and over.

Sherbrooke's Glorious Glads

These are the most popular and satisfactory outdoor flowers, easy to grow and easy to buy. My stock this season is the finest I have ever grown, plump, high crowned bulbs or corns, just bursting with vitality.

They have been grown on new rich loam under the most favorable conditions and carefully rogued.

While I do not covet the reputation of being a price cutter, yet in self defense it sometimes becomes necessary to meet the competition of less responsible growers.

My prices are as low as good, honest, clean stock can be offered with a fair profit to the grower, however, I do not aim to be undersold by any responsible dealer, and will meet their prices when my supply warrants. If your remittance is based on a lower price, please give reference to the source of same and if possible, I will accept it.

SHERBROOKE'S GLORIOUS GLADS.

\$5.00 each

Dr. Bennett; Bright fiery red.	J. A. Carbonne; Orange salmon.
--------------------------------	--------------------------------

Prices on the newest varieties have not been stabilized at time of going to press and will be quoted on application.

SIZES

The above prices are for first size bulbs or corns, about 1 1-2 inches in diameter. Prices on smaller sizes, planting stock and bulblets will be quoted on request. If in the market for these, do not place your order until you get my quotations.

EXTRAORDINARY MIXTURE 30c doz., \$2.50 per 100

This consists of many of Kundred's and Diener's choice named varieties and seedlings, also a few of Jensen's choice seedlings. In harvesting bulbs, some get accidentally mixed, others are picked up in the field after digging. All go into this mixture, some of which would be worth \$1.00 each if sold under name. While they last, 30 cents per dozen, \$2.50 per hundred.

NO HIGHER GRADE MIXTURE TO BE HAD ANYWHERE

Special quotations on large orders. Send in your list.

Sherbrooke's Superb Peonies

I claim to have one of the highest class collections of peonies in the Northwest, including most of the highest rated by the American Peony Society.

This collection includes several of the high-priced novelties as well as the tried and true old time favorites. Next season I hope to get out a more complete peony list, but at present my stock does not justify doing so as I have only a few roots to spare of the more expensive sorts and should keep them to build up a stock.

Prices are for divisions of three to five eyes. Two eye divisions at half price, but no small divisions will be made of varieties listed at less than two dollars.

List of Varieties

(Figures preceding the name represent their rating as determined by the American Peony Society's Symposium.)
